

B114 Portable Wireless Rechargeable Battery Spotlight

B114 is a professional portable wireless battery lighting solution designed for illuminating displays when there is no access to mains power. B114 provides a focused light to products displayed on counters and table tops in exhibitions, events, art galleries and craft fairs. B114 is powered by integrated 3 cell or 6 cell rechargeable lithium ion batteries giving light whenever and wherever you need it.

- Professional battery operated LED spotlight.
- Integrated on/off switch.
- Robust and unobtrusive.
- Available with 2700K, 3000K or 4000K MR11 LED lamp.
- Low heat illumination.
- No ultraviolet light so does not fade materials.
